EDUCATION

Seoul National University <i>Ph.D. in Linguistics (Spoken Language Processing)</i>	Mar. 2021 - Aug. 2024 GPA: 4.24/4.3
Seoul National University <i>M.A. in Linguistics (Spoken Language Processing)</i>	Mar. 2019 - Feb. 2021 GPA: 4.18/4.3
Yonsei University <i>B.A. in Korean Language and Literature, Double Major in Psychology</i>	Mar. 2014 - Aug. 2018 GPA: 4.03/4.3 (Rank 2/71)
Ewha Girls' Foreign Language High School <i>English Major, Chinese Minor</i>	2011 - 2014

RESEARCH EXPERIENCE

CMU ChangeLing Lab (Visiting Scholar) <i>Research on cross-lingual intelligibility assessment, inclusive ASR for pathological speech, and computational linguistic analysis of self-supervised learning (SSL) representations. Advised by Prof. David Mortensen.</i>	Feb. 2024 – Present
CMU PhIT Lab (Researcher, Mentor) <i>Research on acoustic analysis of fricative production in dysarthric speech. Mentor for Summer Undergraduate Research Apprenticeship (SURA). Advised by Prof. Christina Bjorndahl.</i>	Feb. 2024 – Present
SNU SLP Lab (Master's Student, Ph.D. Student) <i>Research on automatic speech assessment for pathological and non-native speech. Advised by Prof. Minhwa Chung.</i>	Mar. 2019 – Aug. 2024
Yonsei Dept. of Speech-Language Pathology (Graduate Research Assistant) <i>Collected and analyzed cognitive, speech, and swallowing data from healthy elderly participants. Advised by Prof. HyangHee Kim.</i>	Mar. – Aug. 2018
Yonsei Institute of Language and Information Studies (Undergraduate RA) <i>Drafted a Korean digital dictionary and collected L2 Korean writing data.</i>	2017 – 2018
Yonsei Human Development Lab (Undergraduate RA) <i>Collected behavioral data on children's language and moral development.</i>	2015 – 2017

PROJECTS

Development of Digital Therapeutics to Improve Communication Skills of Autistic Patients	Sep. 2022 – 2024
Korean Institute for Information & Communication Technology Planning & Evaluation <i>Developed an automatic detection system for children with autism.</i>	
Acquiring and Utilizing Audio Big Data for Healthcare Service Design	Sep. 2021 – 2023
Korean Ministry of Science and ICT <i>Designed a speech corpus of chronic kidney disease patients & developed an automatic detection and severity classification system for chronic kidney disease patients.</i>	
Korean Speech Data for Western and Asian Language Users for Language Education	Sep. – Nov. 2022
Korean National Information Society Agency <i>Trained an automatic phonetic transcription model & pronunciation proficiency assessment toolkit for L2 English Korean speakers.</i>	
Multilingual Speech Data Collection for L2 Korean Learners	Jul. – Nov. 2022
Korean National Information Society Agency <i>Trained an automatic phonetic transcription model for L2 Korean speech.</i>	
Development of Intelligent Tool-Based Content Production and Enjoyment Support Technology Considering the Accessibility of the Weak in Social Communication	Sep. 2019 – 2021
Korean National Information Society Agency <i>Developed an automatic speech recognition system for children with autism.</i>	
A Study on the French Vowel Speech of Korean Learners	Aug. – Sep. 2019
Seoul National University <i>Collected speech & nasometer measurements from L2 French Korean speakers.</i>	

GRANTS AND SCHOLARSHIPS

Youlchon AI Young Researcher Scholarship Youlchon AI Scholarship	2023
Travel Grant College of Humanities, Seoul National University	Interspeech 2023
Travel Grant Linguistics Department, Seoul National University	ICPhS 2023
GSI Scholarship Linguistics Department, Seoul National University	Spring 2023
Subsequent Generations of Basic Studies Seoul National University	Spring 2021 – Fall 2022
Subsequent Generations of Basic Studies Seoul National University	Spring – Fall 2020
SNU CORE Academic Funding Seoul National University	Spring – Fall 2019
College of Liberal Arts Alumni Association Scholarship Yonsei University	Fall 2014
National Grant for Academic Excellence Korea Student Aid Foundation	Spring 2016
Scholarship for Academic Excellence Yonsei University	Spring 2015 – Fall 2016, Fall 2017

AWARDS

Silver Award @ Hackathon	2022
<i>Project: Analysis on L2 Korean speech data from Western and Asian speakers for Language Education</i>	
<i>Organizers: Korean Ministry of Science and ICT, Korea National Information Society Agency, SNU AI Education Research Center, NS Devil</i>	
Best Student Paper @ Oriental COCODA	2022
<i>Paper: Multilingual Analysis of Intelligibility Classification using English, Korean, and Tamil dysarthric speech datasets.</i>	
Grand Prize @ AI data-based service contest, “I can see your A.Idea”	2021
<i>Project: Automatic Screening of Cognitive Decline using Acoustic Features</i>	
<i>Organizer: Korean National Information Society Agency (NIA)</i>	
Academic excellence award (top 1%) @ Yonsei University	Spring 2014; Spring 2017
Academic excellence award (top 10%) @ Yonsei University	Fall 2015; Spring 2016; Fall 2017

TEACHING

Mentorship

- **Kexin Jin, Pratham Madaram** — CMU Cognitive Science undergraduates (Summer 2025).
Mentoring research on acoustic analysis of fricatives produced by dysarthric speakers.
- **Alexander Metzger, Aruna Srivastava** — University of Washington computer science undergraduates (2025–present). Co-mentoring research on fairness in ASR.
- **Chin-Jou Li** — CMU LTI Master’s student (2024–present). Mentoring research on inclusive ASR for dysarthric speech.
- **Ji Young Choi** — Columbia University Ph.D. student (Jan–May 2025). Mentoring research on ASR applications for clinical use.
- Graduate–undergraduate mentoring, Seoul National University (2019).
- Undergraduate–high school student mentoring, Yonsei University (2017).

Teaching Assistant

- Introduction to Speech and Language Processing Spring 2023
- Introduction to Computational Linguistics Spring 2022
- Bilingualism Spring 2021; Fall 2021; Fall 2022
- Introduction to Linguistics Spring 2020; Fall 2020

Invited Talks

- Introducing OpenAI Whisper @ Korea Development Bank; Korean National Police University 2023
- Cross-lingual Dysarthria Severity Classification for English, Korean, and Tamil @ SNU 2022

SERVICES

Reviewer <i>Interspeech, ICASSP, ARR, TASL, JSLHR, SLaTE</i>	
General Affairs <i>Linguistic Research Society, Seoul National University</i>	2021 – 2022
Volunteer <i>Hearing Rehabilitation Center KT Dream Class, Severance Hospital</i>	2017
College Residents’ Association <i>Yongjae House, Yonsei University</i>	2014

SKILLS

Teaching Certificate	Korean Language & Literature (Yonsei University #11792)
Languages	Korean (native), English (fluent), Chinese (beginner), German (reading)
Machine Learning Libraries	PyTorch, Huggingface
Data Analytics	SciPy, SPSS, matplotlib, pandas
